

**General Disclosures & Disclaimers:**

Quo Vadis Capital, Inc. ("Quo Vadis") is an independent research provider offering research and consulting services. The research products are for institutional investors only. This material on this site and in Quo Vadis research reports and communications is intended for discussion purposes only. It is not an offer to sell, nor a solicitation of an offer to buy any security, nor does it purport to be a complete description of the terms of or the risks or potential of interest inherent in any actual or proposed security or transaction described herein. Consult your financial adviser or an investment professional if you are not an institutional investor.

The price target, if any, contained in Quo Vadis reports represents the analyst's application of a formula to certain metrics derived from actual and estimated future performance of the company. Analysts may use various formulas tailored to the facts and circumstances surrounding a specific company to arrive at the price target. Various risk factors may impede the company's securities from achieving the analyst's price target, such as an unfavorable macroeconomic environment, a failure of the company to perform as expected, the departure of key personnel or other events or circumstances that cannot be reasonably anticipated at the time the price target is calculated. Quo Vadis may change the price target on a company under coverage without notice. Additional information on the securities mentioned in its reports is available upon request.

Research is based on data obtained from sources Quo Vadis believes to be reliable; however, Quo Vadis does not guarantee its accuracy and does not purport to be complete. Opinion is as of the date of the report unless labeled otherwise and is subject to change without notice. Updates may be provided based on developments and events and as otherwise appropriate. Updates may be restricted based on regulatory requirements or other considerations. Consequently, there should be no assumption that updates will be made. Quo Vadis disclaims any warranty of any kind, whether express or implied, as to any matter whatsoever relating to this research report and any analysis, discussion or trade ideas contained herein. Research reports are provided on an "as is" basis for use at your own risk, and neither Quo Vadis nor its affiliates are liable for any damages or injury resulting from use of this information. Research reports or presentations contained on this website should not be construed as advice designed to meet the particular investment needs of any investor or as an offer or solicitation to buy or sell the securities or financial instruments mentioned herein. Commentary regarding the future direction of financial markets is illustrative and is not intended to predict actual results, which may differ substantially from the opinions expressed herein. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur.

Your use of this site is at your own risk and the information and material presented in this site are provided to you for informational purposes only and are not to be used or considered as an offer to sell or solicitation of an offer to buy securities or other financial instruments.
